Pearl Jam Twenty

Published in celebration of Pearl Jam's twentieth anniversary and in conjunction with Cameron Crowe's definitive film, Pearl Jam Twenty is the unprecedented, and lavishly illustrated portrait of one of the world's most influential and successful bands. Published in celebration of Pearl Jam's twentieth anniversary and in conjunction with Cameron Crowe's definitive documentary film and soundtrack of the same name, Pearl Jam Twenty is an aesthetically stunning and definitive chronicle of their two decades as a band—by the band itself. In 1991, Pearl Jam's debut album, Ten catapulted the little-known Seattle-based band into superstardom.

Getting Pregnant: What You Need To Know Right Now

Whether you are young and fertile, over 40 and having trouble conceiving, or anywhere in between, here is the best resource to help you get pregnant. The only must-have fertility book, Getting Pregnant, completely revised and updated, now fully addresses the needs of those who cannot conceive. In the ultimate guide for anyone planning to have a baby, now or in the future. Addressing the newest, state-of-the-art medical treatments for infertility, Getting Pregnant gives you all the latest news on:

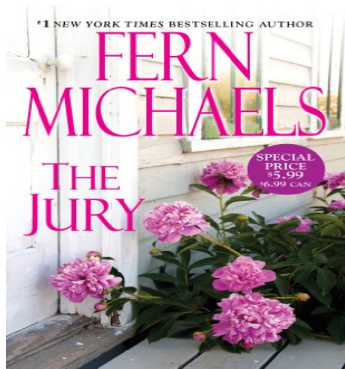

- eight brand new fertility drugs
- donor eggs and donor sperm
- a new IV machine in other countries that can double conception odds
- health risks, techniques for preventing genetic mutations
- how health care and lifestyle factors affect fertility, including the "stress-to-flee" guide for protecting your reproductive health on the job

Getting Pregnant also provides a wealth of practical information about the exercises, foods, and supplements that encourage a faster, healthier conception, as well as brand-new, all-natural techniques that influence the gender of your child. You'll also find a helpful six-month personal progress planner that addresses all of your pre-conception, health, and medical needs.

Here are the new chapters that focus on preventing, increasing, and extending fertility, which are new to most in both the treatment of male fertility and the science of motherhood and embryo.

With Dr. Laurence, MD, PhD, a world-renowned fertility expert, an obstetric/gynecologist associated with St. Vincent's Medical Center in New York City, and board certified OB/GYN, the founder of the New York Medical Society for Reproductive Medicine, and the Medical Director of the New York Center for Reproductive Technology, Dr. Laurence is the author of more than 100 scientific papers on pregnancy and several bestselling books on women's health care.

Gretchen Berman, former senior medical writer for the New York Daily News, is an award-winning medical journalist and author of several top-selling consumer medical books. She is one of a select group of journalists to hold a membership in the prestigious American Medical Women's Association.
