Adoption and the Sexually Abused Child

There is some slight, very minor creasing and wear of front and back covers. The outer 'page-block' sides are slightly soiled. Otherwise there are no condition issues with this used soft-cover book. The remainder of the book is in 'Very Good' condition.

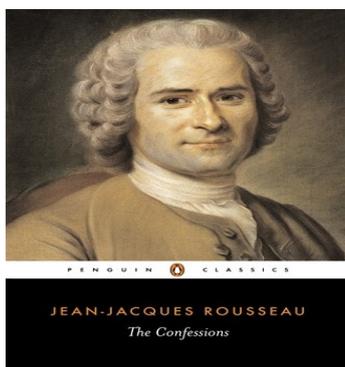

A Pocket Mirror for Heroes

A Pocket Mirror for Heroes is a mirror because it reflects "the person you are or the one you ought to be." It is a pocket mirror because its author took the time to be brief. And it is a mirror for heroes because it provides a vivid image of ethical and moral perfection to whi

The Confessions (Penguin Classics)

Widely regarded as the first modern autobiography, The Confessions is an astonishing work of acute psychological insight. Jean-Jacques Rousseau (1712-78) argued passionately against the inequality he believed to be intrinsic to civilized society. In his Confessions he relives the first fifty-three

Pasta Calendar 2015: 16 Month Calendar

What others say about this ebook:

Review 1:

I wish the story was a little longer and there was more character/plot development.

Review 2:

Too much happening, too little real pleasure: Linda Winstead Jones is a favourite but here she seems to have taken too many shortcuts. Maybe, if you had followed the whole series this could be slotted in somewhere, but for a new reader this is not an invitation to explore the world of shifters and shapers. HE is an arrogant pain in the neck and SHE is a wussy pushover: his attitude should be just too much to be overcome by sexual attraction. Reduces the whole to an itch that needs to be scratched. He falls in love because they have sex? And once hers is scratched she loses most of her charisma. The bird-theme was handled in the Raven and induced hysterical laughter in me then: it hasn't improved since.

Review 3:

I like Jones as author, but this horrible.

Review 4:

I like this series. Wish it had been longer, but it was a good book. As always, Linda Jones is an excellent author.

Review 5:

I bought it out of curiosity and looking for something different . An unusual romance, very entertaining, it left me wanting to know more about the family and their future . A +++
