Trauma and Mobile Radiography

Trauma and Mobile Radiography is a concise introduction to radiographing trauma patients. This easy-to-read guide emphasizes mobile radiography fundamentals since most trauma work is performed using portable units. Its user-friendly style will help students and practicing radiographers produce better images in difficult situations, avoiding "learning by accident" trauma situations.

Big Change, Best Path: Successfully Managing Organizational Change with Wisdom, Analytics and Insight

Using ground-breaking modeling, Big Change, Best Path brings unique insights to the dynamics and process of transformational change, understanding success and failure, defining and describing the levers and conditions of change, and the patterns and paths of organizational change. It shows th

Voyageurs National Park (National Geographic Trails Illustrated Map)

- Waterproof • Tear-Resistant • Topographic Map

Located at the border of Minnesota and Canada, Voyageurs National Park is defined by its interconnected waterways which require you to leave your car behind and explore by kayak, canoe, houseboat, or motorboat. In winter, snowmobiles, sn

Snow (I Can Read It All By Myself)

This classic Beginner Book edited by Dr. Seuss is a delightful ode to winter. Brrrrr! It snowed! From snowball fights and skiing to fort building and snowman making, P. D. Eastman and Roy McKie's Snow will have young readers eager for the kind of fun only a wintry-white day can bring. Perfect

The Liquid Continent: Travels through Alexandria, Venice and Istanbul (Armchair Traveller)

This omnibus edition brings together Nicholas Woodsworth's critically acclaimed Mediterranean trilogy into a single volume for the first time, allowing readers to fully appreciate the scope of Woodsworth's search for a distinctively Mediterranean "cosmopolitanism." Combining

What others say about this ebook:

Review 1:

The book was in good condition. Had a minor tear but overall i am satisfied

Review 2:

Decent book, it is very short and sweet. I was hoping for more elaboration and critical thinking as well as illustrations on trauma exams. Good refresher book to brush up on most commonly seen exams. Book is not expensive so I am happy I bought it.

Review 3:

Great book ?

Review 4:

I still use this book as a reference, even after 9 years. You won't be sorry you bought it. I'll bet you'll wonder why you didn't think of these ideas yourself.

Review 5:

This book is useful for continuing education or in a radiography class. It provides concise explanations in an easy to understand format.
