**Defining Sustainable Development for Our Common Future: A History of the World Commission on Environment and Development (Brundtland Commission)**

The UN World Commission on Environment and Development, chaired by former Norwegian Prime Minister Gro Harlem Brundtland, alerted the world to the urgency of making progress toward economic development that could be sustained without depleting natural resources or harming the environment. Written by an international group of politicians, civil servants and experts on the environment and development, the Brundtland Report changed sustainable development from a physical notion to one based on social, economic and environmental issues. This book positions the Brundtland Commission as a key event within a longer series of international reactions to pressing problems of global poverty and enviro
