Creative Aging: Rethinking Retirement and Non-Retirement in a Changing World

Discover Your Unique Gift"Creative aging is a choice.... If we remember that transition always begins with endings, moves on to a wilderness period of testing and trying, and only then do we reach the beginning of something new, then we can embrace this encore period of life with hope and curiosity, remembering always that it is our true nature to be creative, to be always birthing new ways of sharing our planet together."?from the EpilogueIn a practical and useful way, Marjory Zoet Bankson explores the spiritual dimensions of retirement and aging. She offers creative ways for you to share your gifts and experience, particularly when retirement leaves you questioning who

Retirement and Non-Retirement in a Changing World download pdf Creative Aging: Rethinking Retirement and Non-Retirement in a Changing World digital download download Creative Aging: Rethinking Retirement and Non-Retirement in a Changing World dvd

What others say about this ebook:

Review 1:

Good structured approach to analyzing your retirement. A little too much emphasis on spiritual, but does not detract from the structured approach/

Review 2:

Really enjoyed this book. One of many I have read since moving to the slower side of the road. The greatest gift I've been given so far through the wisdom and knowledge of these amazing women so versed and steeped in the subject from their experiences and research can be condensed into the realization for me at least, that to have this gift of extra time after our professional productive years have ended or are in need of modification, is an extraordinary act of grace (Divine Grace) I'll say. And from the immense gratitude that ensues I must stay focused in the gift of everyday, every moment granted without my deserving it or even earning it and make a commitment to making the best use of it without wasting one second in regret remorse self pity or even fear of what I don't know but in the pursuit of joy and purpose that is still possible and attainable

Review 3:

Helpful for planning retirement and for anticipating some of the emotional/cognitive struggles that go with it. A lot of religious imagery but can be treated as stories to guide change if adverse to religious practices.

Review 4:

This is a very good book. It discusses issues, such as emotional issues and life planning topics, that persons contemplating retirement need to consider.

Review 5:

I have been considering my second retirement. This book helped me understand why I was unsuccessful the first time I retired, some 12 years ago and the changes I must make in my thinking to do it better this time. I am beginning to think of myself as who I really am rather than who I am in my professional role. Dropping my title is hard.
