No Shanks!: Say Goodbye To The Most Debilitating Shot In Golf

This book identifies the main causes of the shanks and provides you with the solutions and drills to fix them forever. It also helps fix the most common miss, the slice, and many others in the process. Anyone who has experienced a shank knows how embarrassing and unpleasant it is. It may be the most baffling mistake in sports because it can easily happen to the most experienced golfers, not just to beginners and higher handicappers. Many golfers become so frustrated with the shanks that they eventually give up the game altogether. But today is a great day because we are going to save those golfers, and all future golfers, from this dreaded problem by curing the shanks forever.

Shot In Golf audiobook download

What others say about this ebook:

Review 1:

The book contains concise wisdom about the causes and cures of shanks. No fluff, just solid tips and drills, recommended for anyone who is struggling to figure out their game. The only better way to improve your swing and avoid the shanks is to get a lesson from Dade and get his personalized advice.

Review 2:

I need to quantify this review as I received the book for Christmas and have yet to practice what I've learned. However, just reading the author's explanation and review of the issue, and the easy to correct steps one can take, I'm confident that I can avoid the occasional shank on the course. Well written and simple to understand; this is a must book for every golfer.

Review 3:

Written in a very direct and understandable way, identifying the problem and practical solutions. Useful for both the average golfer as well as the good golfer. Mental and physical approach to solution.

Review 4:

A must have for any golfer who has battled with the dreaded "shanks" This book will not only help cure your shanks, it will help you mentally in all aspects of golf.
