## 50 Classic Ski Descents of North America

Fifty Classic Ski Descents of North America is a large-format compilation of iconic and aesthetic ski descents from Alaska to Mount Washington. Created by ski mountaineers Chris Davenport, Art Burrows and Penn Newhard, Fifty Classic Ski Descents taps into the local knowledge of contributors such as Andrew McLean, Glen Plake, Lowell Skoog, Chic Scott and Ptor Spriceniaks with first person descriptions of their favorite ski descents and insightful perspectives on ski mountaineering past, present and future. The book features 208 pages of gorgeous action and mountain images from many of North America's top photographers. Whether you are planning an expedition to Baffin Island's Polar Star Cou

### The Mahatma Letters to A. P. Sinnett (Facsimile of 1926 2nd edition)

No other book is quite like this private collection of letters. Preserved in the British Library, they were written between 1880 and 1884 to Alfred P. Sinnett, editor of a leading Anglo-Indian newspaper, The Pioneer. His correspondents were two Mahatmas whom H. P. Blavatsky has acknowledged as

### Law School Fast Track: Essential Habits for Law School Success

For a law student, numerous and massive assignments loom from the very first day?with no let-up until final exams?and with zero feedback until those finals. Law students wonder where to begin, how to begin, and what to do each day. Law School Fast Track is unique in its format: short,

### Portrait of a Killer: Jack the Ripper--Case Closed

The number-one New York Times-bestselling novelist Patricia Cornwell is known the world over for her brilliant storytelling, the courage of her characters, and the state-of-the-art forensic methods they employ. In this headline-making new work of nonfiction, Cornwell turns her trademark sk

### The Language of Mixed-Media Sculpture

A sumptuously illustrated volume that will inspire those intrigued by and interested in contemporary sculpture Both a survey and a lavish celebration of contemporary approaches to sculptures that are formed from more than one material, this book profiles the discipline in all its expanded form

What others say about this ebook:

**Review 1:**

one of the best books ever. my dad loves it, excellent gift for hardcore skiers.

**Review 2:**

Amazing, zawe inspiring book!

**Review 3:**

Grate book - The photos in it are spectacular and a must have for any ski mountaineer. The back stories are awesome and makes you want to dream. The toughest part is keeping my friends from taking home for themselves.

**Review 4:**

The big mountain tic list. This book really opens up new ideas in new places. Great pictures. Great insight. Get it. markhoward307@intagram

**Review 5:**

Some great eye candy in this book (as well as narrative), but it still leaves a little to be desired. Sometimes it excels as a guidebook, sometimes it excels with photography and sometimes it excels with gripping narrative. Many routes depicted are amazingly well covered, with good descriptions, history, personal narratives, and photography. The precedent set with certain routes in this manner left me wanting more on entries that weren't as thorough. Some entries fell (quite) short, with lackluster ties between route descriptions and photography (Such as the Eldorado Peak or Mt Whitney). The Patriarch on Glacier Peak gets some good narrative, but is quite lacking in both route description and photography. Unfortunately, the miss on that inclusion is hard for me to let slip (especially since I am a Montana boy).

That being said, this is probably one of the more beautiful and unique pieces of its kind out there, despite certain imbalances. I still keep a napkin handy for dealing with my own drool, and secretly covet the copy I purchased as a gift for my brother.
